

**1. Oksalat kislotani olinishi**

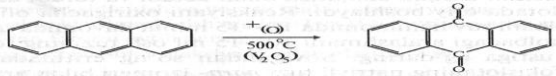

**2. Triazanitdan glioksal olinishi**

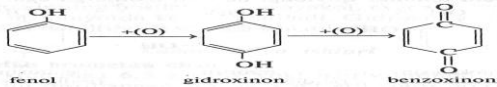

**3. benzoldan malein kislotasi olinishi**

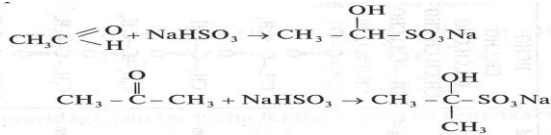

**4. Antiratsendan antraxinin olinishi**

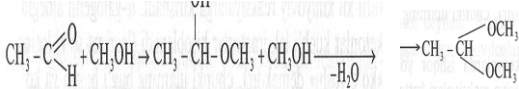

**5. Fenoldan gidraxinon va benzoxinon olinishi**

**6. Aldegid va ketonlarga natriy bisulfit brikirib tegishli bisulfitlarni hosil qilinishi**

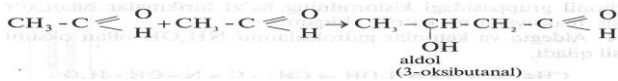

**7. aldegidlardan asetalarni hosil qilinishi**

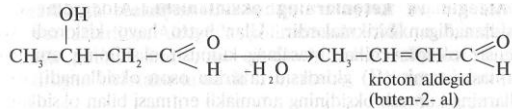

**8. Aldegid va ketonlarning oksimlar xosil qilishi**

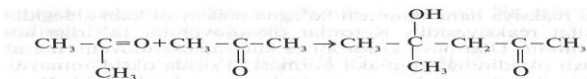

**9. aldol kondensatsiya reaksiyasi**

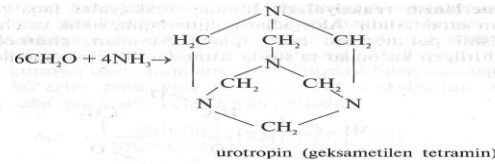

**10. krotan kondensatsiya reaksiyasi**

**11. asetonon diaseton spirtning xosil bo'lishi**

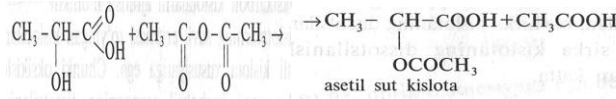

**12. Urotropin olinishi**

**13. Chumoli kislotani olinishi**

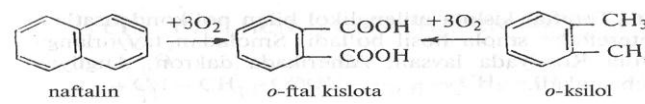

**14. Asetil sut kislotasi olinishi**

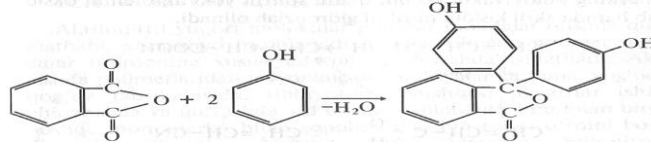

**Fenoldan adipin kislotaning olinishi**

**16. Naftalin oksidlanib o-kislotani olinishi**

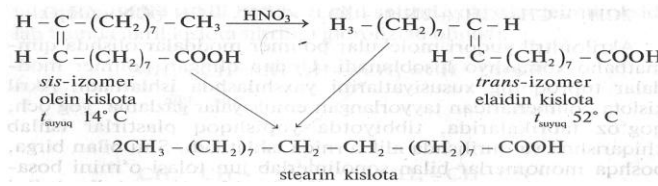

**17. fenolftalein olinishi**

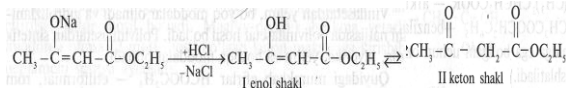

**18. olein kislotadan pelargon va azelain kislotasi olinishi**

**19. Stearin kislotani olinishi**

**20. asetosirka eferini olinishi**

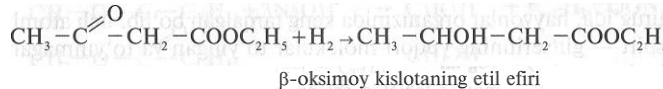

**21. Asetosirka eferning diketenga spirt tasir etirib olinishi**

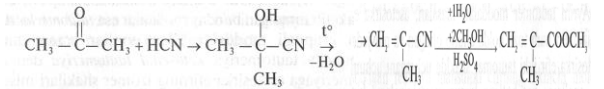

**22. Siangidrinning olinishi**

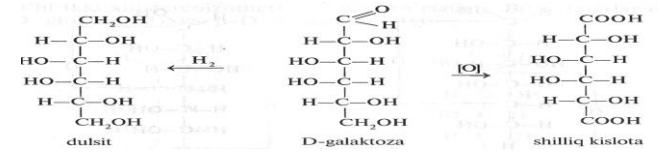

**23. beta oksimoy kislotaning etil eferini olinishi**

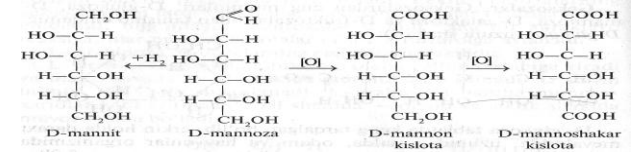

**24. metakril kislotaning metil eferini olinishi**

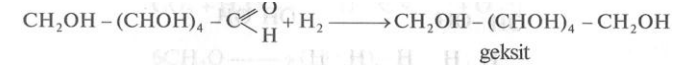

**25. Shilliq kislotani olinishi**

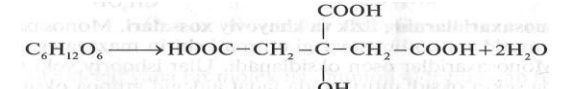

**26. mannitdan monnoshakar kislotani olinishi**

**27. Gulikozadan geksidni olinishi**

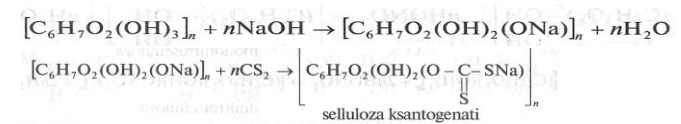

**28. Limon kislotali big'ish**

**29. Kraxmaldan gulukozaning olinishi**

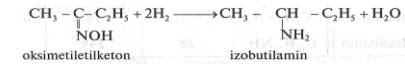

**30. Selluloza ksantogenatining xosil bo'lishi**

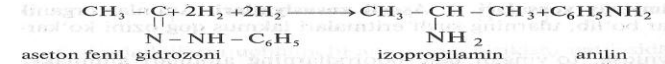

**31. Asetonitrildan etilaminni olinishi**

**32. Oksimetilketondan izobutil aminni olinishi**

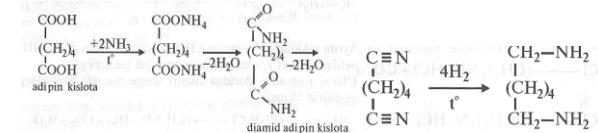

**33. Aseton fenil gidrozoni dan izopropil amin va anilinni olinishi**

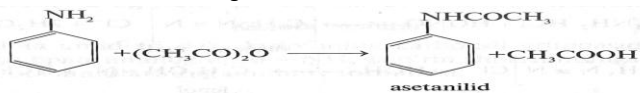

**34. Asetoamid dan ishqoriy muxitda metilaminni olinishi**

**35. Adipin kislotadan dinitril adipin kislotasi dan geksametilen diaminni olinishi**

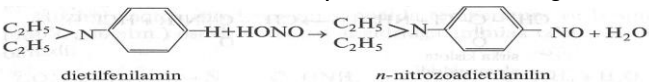

36. anilidan asetanilidning olinishi

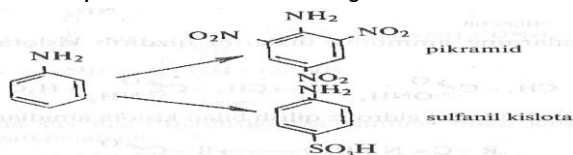

37. Nitroza aminning olinishi

38. Uchlamchi aromatrik aminlardan paranitroza birikmalarning olinishi

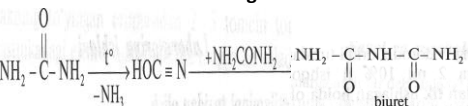

39. Anilidan pikramid va sulfanil kislotaning olinishi

40. Mochevinaning olinishi

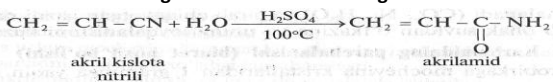

41. Mochevinadan biuretning olinishi

42. Mochevinaga suvning tasiri

43. Akiril kislotaning nitrilidan akril amidning olinishi

44. a xlor sirka kislotadan gilitsinni olinishi

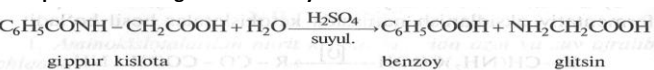

45. aminokislotalarga nitrit kislotasi tasirida azod ajralib chiqishi

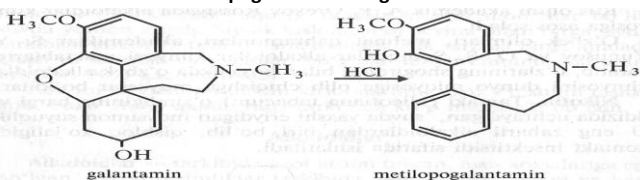

46. Aminokislotalarga formaldegid tasir ettirib asos xarekterga ega bo'lgan N-metilen xosilari olinadi

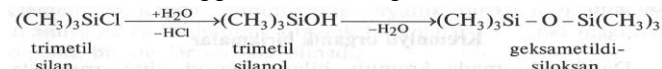

47. Gipur kislotadan gilitsin va bezoy kislotasi olinishi

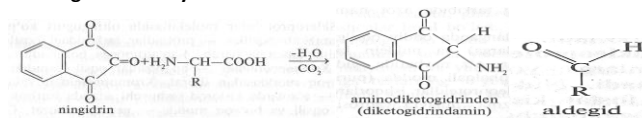

48. Galantaminidan Metilopogalantaminning olinishi

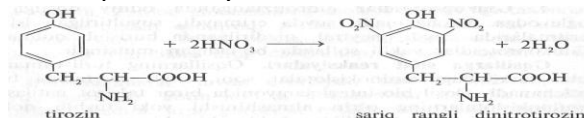

49. Trimetil silanolning gidrolizlanishi va degidratlanishi

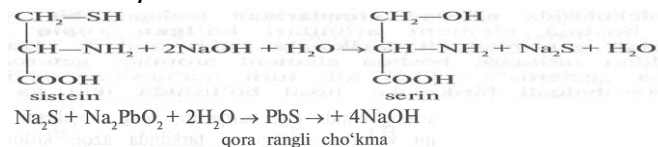

50. Ningidrin teaksiyasi

51. Ksantoprotein reaksiyasi

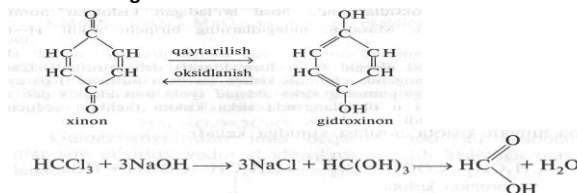

52. Fole reaksiyasi

53. Anilinni olinishi (Zinin)

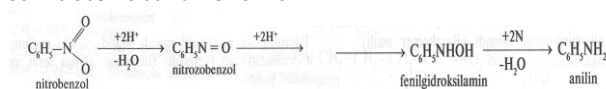

54. Xinondan gidroxinon olinishi

55. Sianid kislotaga suv qo'shib metan kislotasi olish

56. Nitrobenzoldan anilen olinishi

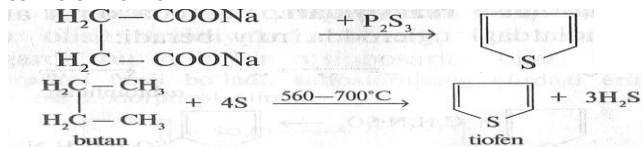

57. Aminlarning tuzlariga ishqor tasir ettirib aminlar olish

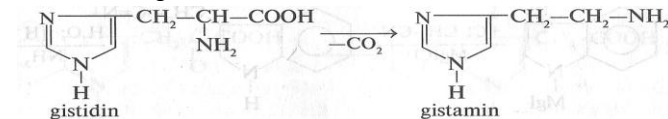

58. Furanni matanoliz qilib qaxrabo dialdegidasetat olinishi

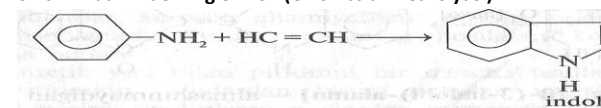

59. Tiofenni olinishi

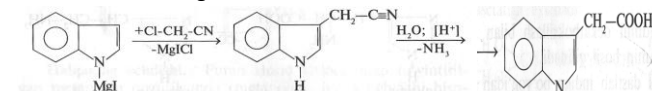

60. Gistidindan gistaminni olinishi

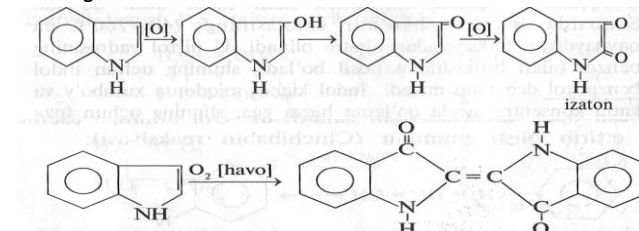

61. Anilindan indolning olinishi (Chichibabin reaksiyasi)

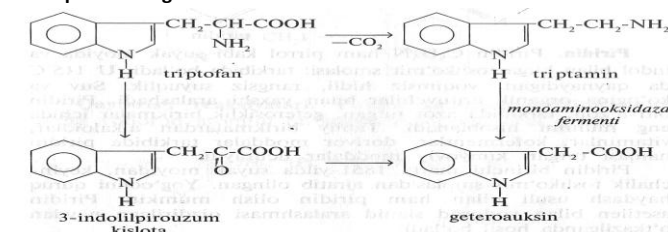

62. Geteroauksinning olinishi

63. Indigo olinishi

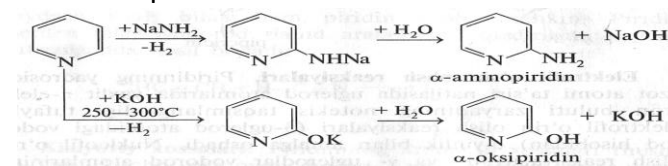

64. triptofandan geteroauksion olinishi

65. Piridinni olinishi

66. Alfa amino piridinni xosil bo'lishi

67. Pipiridinni olinishi
