TARGET VOCABULARY 1

Elementary/pre-intermediate

Target Vocabulary 1 is the first book in a new vocabulary series. It introduces and practises approximately 1,100 new words using a variety of motivating and interesting exercise types. These are organized into areas of vocabulary and include subjects such as food, shops and shopping. The book has six main sections with short tests at the end of the third and sixth sections. At the back of the book there are answers to the exercises and a list of key words.

Target Vocabulary 1 is yet another excellent study aid from Peter Watcyn-Jones, the author of the bestselling *Test Your Vocabulary* series and *Vocabulary Games and Activities for Teachers*. Students will enjoy using this wide-ranging and stimulating material both in the classroom and at home.

Key words 147

Target Vocabulary 1 is intended for elementary/pre-intermediate students and presents and practises approximately 1,100 key words. To facilitate learning, these have been arranged into areas of vocabulary. Altogether there are six main sections and each section has between 10 and 12 areas of vocabulary, closely linked to the main theme.

At the end of Section Three and Section Six there are mini tests called Check 1 and Check 2. These checks are for reinforcement and test the items in Sections 1–3 and 4–6 in a varied and interesting way.

Finally, to aid self-study, there is an answer key at the back of the book, plus a list of the key words used and the section(s) in which they appear.

In writing this book I have consulted a number of different dictionaries. The following can be warmly recommended:

Longman Dictionary of Contemporary English – new edition (Longman)
Collins Cobuild Essential English Dictionary (Collins)
Oxford Advanced Learners Dictionary (Oxford University Press)
The Penguin Wordmaster Dictionary, Manser and Turton (Penguin)
BBC English Dictionary (BBC English/HarperCollins)

- (a) 'It's terrible! We haven't had any rain now for over a year. The rivers are almost dry and if we don't get rain soon thousands of people are going to die.'
- (b) 'Suddenly the ground started shaking. Next thing, a big gap appeared in the road and the building opposite collapsed. I've never been so frightened in all my life.'
- (c) 'We're very lucky to be alive! Two more hours and the whole village would have been covered with hot lava. It's a miracle we managed to get away in time. And to think that we were taking photographs of the volcano just two days before, when everything was so calm and peaceful.'
- (d) 'It was our first visit to Florida and of course we'd heard about them before, but it's only when you're there that you see just how strong the winds are and how much damage they can do. My wife saw a whole roof being blown off and a car flying through the air. No, I think we'll stick to Spain next year – it's safer.'
- (e) 'The mountain looked all right and the snow seemed very firm when we were skiing. Then suddenly it happened. It felt as if the whole mountain was moving. And the snow came down so quickly. Thank God I'd decided to stop half an hour before it happened. Some others staying at the hotel weren't so lucky. They're still trying to find them underneath all the snow.'
- (f) 'The river overflowed its banks. Well, it was bound to happen after so many weeks of rain. There was water everywhere. We had to sit on our roof and wait for someone to rescue us. It was pretty frightening, I can tell you, as the water was rising by a couple of inches every hour.'
- (g) 'My friend and I were fishing by a lake when we first spotted it, or rather smelt it. Fortunately, we had a car phone and were able to report it. But it still took a very long time to put out, and nearly half the trees have been destroyed.'
